

## **FINALLY PUBLIC HOLY MASSES AGAIN!**

**After weeks of not celebrating Holy Mass, we welcome the fact that public Holy Masses have recently returned. In recent times, in addition to three German dioceses, several countries have consecrated themselves to Our Lady. Let us pray together especially in the Marian month of May for Our Lady's protection for our country and the whole world!**

The past period was a challenge for many of the faithful: due to the Corona crisis, we not only had to do without the Holy and Easter liturgies, but we were even unable to attend any Holy Mass for weeks - yet the Eucharist is the source and culmination of our Christian life.

We are grateful that there were opportunities to follow the Mass via livestream. Nevertheless, the longing grew in us to finally be able to attend a Holy Mass in the flesh again. We are all the more pleased that this has recently become possible again. Our thanks go to all the bishops, priests and faithful who have worked for this.

To our great joy, Bishop Oster, Bishop Meier and Bishop Voderholzer have recently consecrated their dioceses of Passau, Augsburg and Regensburg to Our Lady. In addition, Portugal, Ireland, Poland and numerous other countries have entrusted themselves to Our Lady.

We can all think more of Our Lady in the Marian month of May. We can entrust ourselves, our country and the whole world to her so that numerous graces of conversion may flow.
